

McDonald Union Advocacy Scholarship

Honoring Linda McDonald's Commitment to Protecting & Furthering the Rights of Union Workers

TWO \$2,500 Scholarships
For RI Hospital UNAP members
For those advancing their education in any area of study

Linda McDonald's commitment to unionism dates back to 1992. At that time, Linda worked as an SICU nurse at RI Hospital, and became an outspoken advocate during the union organizing campaign. Morale was low, wage scales non-existent, mandatory overtime was at its highest - basically no protections were in place for the healthcare worker. The Union was voted in and her election as the first Union president was a natural progression. Serving several terms, Linda's tireless commitment brought about vast protections and improvement for union workers. Linda fought for improved wages, implemented steps, bonuses, overtime opportunities, mandation protections and improved unsafe working conditions.

Linda also served as the UNAP President from 2002 until 2020, working alongside other healthcare union leaders & labor activists in the state. Her advocacy at the state level resulted in legal protections for healthcare workers - The Safe Patient Handling Act, Hospital Staffing Disclosure Law, Mandatory Overtime Law and the 2022 Workplace Violence Protection Act.

2018 RIH-UNAP Strike Rally

This scholarship symbolizes Linda's dedication to union activism in protecting the rights of all healthcare workers.
