### Temporary Housing Options

April 15, 2020

Dear Colleague:

Lifespan continues to work to support your needs during the COVID-19 crisis. We heard your voice and know that potential exposure of your family members is a top concern. Your feedback on our recent survey indicated that many of you are interested in temporary housing options. We have been working diligently to negotiate deeply discounted rates for local hotels as well as exploring additional low-cost and no-cost temporary housing solutions for our employees.

Below is a list of discounted local hotel accommodations for health care workers and first responders. We will continue to work on temporary accommodations and look forward to updating this list later this week.

*Please note: Hotels have opened a limited number of rooms to start; room availability will increase with reservation demand.*

#### Providence

- **OPEN NOW - Providence Marriott Downtown**, 1 Orms St.
