A strong and effective Union such as ours needs a strong, stable financial base. Over the coming year we will need the financial resources to run our organization. Your dues dollars will go towards the following: Rent for office space and utilities; staff salary and payroll expenses; printing and postage of newsletters and informational materials; legal defense to enforce our rights; research to prepare for negotiations of essential issues such as job security, pension, health insurance, patient care model and other issues. Public relations, lobbying, arbitration services and other necessary services can only be provided to members if the Union has the financial strength to do so.
