

Meet your UNAP Liaisons!

What is a Liaison?

A UNAP Liaison is a representative of the Union and a resource for you.

A Liaison is a UNAP member and hospital worker, like yourself, but has been trained to assist union members to resolve contractual issues as well as attend investigatory interviews and grievances.

A Liaison serves on hospital committees, provides you with the most up-to-date union and hospital issues and works in tandem with President Frank Sims, RN and Field Representative Ken DeLorenzo.

We encourage you to contact either your Unit Rep or Liaison with any question or issue. Each Liaison works on specific days during the week and may be reached by contacting them by phone or email.
